

INDEX

A Comparison Between Mulligan Traction Straight Leg Raise Technique Vs Muscle Energy Technique On Hamstring Tightness In Asymptomatic Male.

Jesudas Mazumdar, Jitendra Kumar Shriwas.

Int J Physiother Res 2014;2(2):412-17.

Correlation Of Pain And Disability With MRI Findings In Patients With Lumbar Discogenic Back Pain.

Surendra K. Wani, Neha Deshpande.

Int J Physiother Res 2014;2(2):418-23.

Effects Of Threshold Inspiratory Muscle Training Versus Conventional Physiotherapy On The Weaning Period Of Mechanically Ventilated Patients: A Comparative Study.

Akansha Dixit, Shashwat Prakash.

Int J Physiother Res 2014;2(2):424-28.

Comparison Between Slump Stretching Along With Exercises And Cognitive Intervention With Exercises In The Management Of Non-Radicular Low Back Pain.

Yadav Ravinder, Arora Ashok, Vandana.

Int J Physiother Res 2014;2(2):429-34.

Hippotherapy Simulator As Alternative Method For Hippotherapy Treatment In Hemiplegic Children.

Mohamed Ali Elshafey.

Int J Physiother Res 2014;2(2):435-41.

A Study On Effectiveness Of Treadmill Exercise Training In Gait Parameters Of Chronic Stroke Cases.

Abbas Divan Mohaideen, Bilques Sultana.

Int J Physiother Res 2014;2(2):442-45.

A Preliminary Study On Effectiveness Of Conventional And Symmetrical Weight Training In Stroke Patients To Prevent Falls.

Abbas Divan Mohaideen, Bilques Sultana.

Int J Physiother Res 2014;2(2):446-48.

Effect Of Neuromuscular Reeducation In Bilateral Facial Palsy On Patient With GBS:A Case Report.

Sanjiv Kumar, Shiva Prasad Tiwari.

Int J Physiother Res 2014;2(2):449-52.

Impact Of Smoking On Adults Lung Age And Ventilatory Function.

Omar Farouk Helal.

Int J Physiother Res 2014;2(2):453-59.

Efficacy Of Low Level Laser Therapy In The Treatment Of Alopecia Areata.

Nermeen Mohamed Abdelhalim PhD PT.

Int J Physiother Res 2014;2(2):460-65.

Efficacy Of Underwater Interferential Current On Hand Function In Psoriatic Arthritis Patients.

Ahmed Fathy Samhan PhD PT.

Int J Physiother Res 2014;2(2):466-73.

Optimizing Overall Function Of Upper Limb Is Effective Treatment For Shoulder Pain In Individuals With Stroke: A Randomized Controlled Trial.

Mohamed E Khallaf. PhD PT.

Int J Physiother Res 2014;2(2):474-79.
